GOVERNOR IN PLEA FOR HELP

MONTGOMERY, Ala., March 14—(U.P.)—Four thousand persons are marooned at Elba, Ala., as the result of flood waters which are reported 15 feet deep in the business section. The inundation was reported to have been caused by the breaking of a dam across the Tea river, five miles north of town.

An appeal for aid was broadcast tonight by Gov. Bush Graves, who has sent national guardsmen from Montgomery, and Anadarko and Enterprise. The guardsmen were prepared to travel all night.

One report here said that 315 school children were marooned on the second floor of a school house and that 500 hundred persons had taken refuge in the upper floors of the court house. An additional 300 were forced to seek safety in an office building.

LEGION HOLDS OPEN MEETING

CITY officials and visitors from out of town posts were present at the open invitation of Richmond Post No. 16 American Legion last night in Memorial hall.

The Oddfellows Forty and Eight headed by Phil Solon was in charge of the initiatory work. Following the ceremony dancing was enjoyed with the Haywood post orchestra providing the music.

Among the city officials present were Connel W. W. Scott, A. B. Hinkley, E. A. Martin, George Black, Chief of Police Dan Cox, Fire Chief W. P. Cooper, A. J. Hurley, city building inspector, E. M. McLean, film city electrical inspector, Dr. J. L. Beard of Martinez, district commander, and Louis Davis, commander of Hagen post of El Cerrito, were among the out of town guests that included members of Albany, Alameda, Oakland and Hayward posts.

A buffet supper was served. The committees in charge of arrangements for the event were:

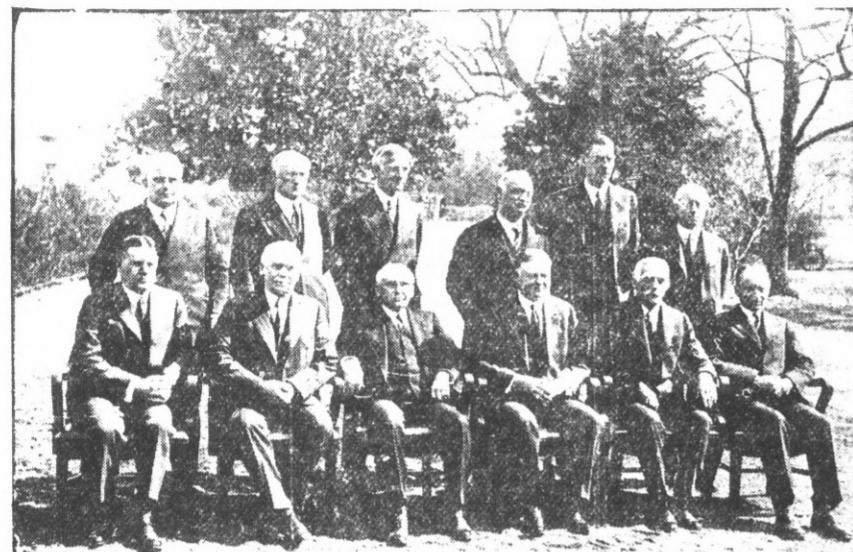

George Tandy, general chairman; J. E. Hill, chairman James T. Narbett, Lambert Wierda, Leo Persico, Charles S. John, Henry Bill, Dr. L. R. Sears, Dr. A. B. Hinkley, T. N. Calfee and C. V. Morel, dance committee; D. M. Bradley, chairman W. A. Chamberlain, J. H. Narvaez, W. P. Sletter, L. T. Holt, refreshments committee; George Imbach, chairman; J. G. Burns, George Reischneider, John Smalley, C. C. Lamble, C. V. Chalmery, J. W. Thompson, A. B. Kearney, Carl Stenner and C. W. Wilcox.

County Realtors Endorse Barrier

MARTINEZ, March 14—The Contra Costa county board of Realtors at a meeting here last night unanimously passed resolutions endorsing the proposed salt water barrier from Martinez to Army Point. The realtors held that the dam was a necessary unit of the coordinated water conservation plan. The resolutions were wired to the water commission of the state legislature by week.

WAR PLANS FOR WOMEN COLLAPSE

WASHINGTON, March 14—(U.P.)—A project to give American women recognition in the scheme of national defense apparently has collapsed as suddenly and mysteriously as it was created, it was revealed at the war department today.

Former Secretary of War Davis laid the project before the country last Feb. 25. It was learned today that the first meeting of a committee of women to put the project into operation had been postponed indefinitely.

Lack of enthusiasm and even opposition among the women themselves coupled with considerable uncertainty regarding the project at the war department appeared likely to prevent revival of the project.

The details have not been worked out and it was thought best to work out the outline before the thing got too far," was all Secretary of War Good cared to say on the subject of the new project.

War department officials professed inability to fix the cost of the project to have women more intimately identified with its effectiveness as quickly as national defense. There also, as schedules can be arranged, said to be some question in the minds of the women regarding the origin of the plan.

In announcing the project in February, Davis said prominent women had called and pointed out that the department did not honor Contra Costa women yesterday morning for a tour of the national defense scheme.

Short Line In New Fare Cut

MARTINEZ, March 14—Reduction in commuter rates from half points in Contra Costa county to the bay cities has been an advantage to the railroads.

Mr. Mary Carre, Mrs. Amelinda Poggioli and Mario Boari all of Martinez, called and pointed out that the department did not honor Contra Costa women yesterday morning for a tour of the national defense scheme.

IMPORTANT MEXICAN BATTLE ON WEST COAST HELD NEAR

NOGALES, Sonora, Mexico, Mar. 14—(U.P.)—Revolutionary leaders here felt tonight that the long awaited rebel attack on the important west coast seaport of Mazatlan, Sinaloa, was not far distant.

A bulletin gave the location of rebel forces under Gen. Ramon Turbe, who were said to number about 2500. In two columns, under Generals Ricardo Topete, and Turbe they have been estimated variously at from 25 to 10,000. Revolutionary headquarters here claimed capture of Mazatlan last

week before the end of the battle before the end of the week.

Jones Bill Used To Gyp Rum Patrons

BROWNSVILLE, Texas, March 14—(U.P.)—Assistant Secretary of Treasury Lowman does not believe the Jones prohibition penalty law has put as many bootleggers out of business as the newspapers have reported.

"We have not heard of any wholesale closing up of bootleggers," he said. "Many may have stopped vendling because they fear the \$10,000 fine and five year prison sentence but it looks like they are using the Jones law figures to raise their prices and gyp customers."

CONCORD, March 14—In an effort to save the life of John Netto, Clayton valley boy severely burned eight months ago in a gasoline line explosion, Mrs. Bellinda Netto, sister of the boy, this morning gave a quantity of skin from her body to be grafted on exposed flesh of the boy.

Young Netto was filling the gasoline tank of his car with a lantern burning nearby when the gasoline exploded. Both his legs were burned from the knees to the ankles. Every member of the family he contributed skin for the grafting operations and physicians now expect that the boy will recover.

HUGHES SEEN AS LAW BODY LEADER

WASHINGTON, March 14—(U.P.)—President Herbert Hoover started the first concrete movement toward organizing the proposed law enforcement investigation commission today in an extended conference with two members of the Yale law faculty.

In addition, it was announced that Charles Evans Hughes, former Secretary of State and one of the leading lawyers of the country, would arrive at the White House tonight as the guest of the president.

The announcement concerning Hughes gave rise to a rumor that he would be asked to head the commission.

FRIDAY MORNING, MARCH 15, 1929.

WE ARE GROWING

When we stop for a moment to take a sort of national inventory we begin to see at once why our progress and prosperity and our purchasing ability are the wonder and admiration of the world. For instance: a report recently made public by the Department of Commerce at Washington shows that during the past ten years the American people have purchased radio sets to the number of more than 13,000,000, iceless refrigerators to the extent of 1,250,000, over 5,000,000 power washing machines and more than 8,000,000 vacuum cleaners. This taken in conjunction with the great number of automobiles bought for pleasure during the past decade gives one some sort of a faint idea of what is going on in America.

But not only have our comforts and conveniences as a people increased in the past generation. We have become more affluent in other ways. Since 1880 and up to and including the year 1927 our bank deposits increased more than 23 times. Enrollment in the public schools had increased nearly 300 percent since 1880 while the enrollment in colleges and universities increased more than 600 percent.

Our manufacturing industries have increased a great deal too. Back in 1880 nearly half of our exports consisted of foodstuffs while in 1927 the proportion was a little less than 19 percent. Our exports of manufactured products increased at the same time from 15 percent to 42 percent of the whole. But it is to be remembered while the amount of food stuffs exported to the whole was less in 1927 its value was a great deal more. But at the same time our imports of foodstuffs and manufactured articles decreased in proportion while our imports of raw materials increased, this again indicating the development of our manufactures.

But to sum up, and most important of all, is the fact that during the past 50 years our national wealth has increased sevenfold while our total population has been doubling. This gives a better idea of how our wealth has been increasing. That this increased wealth is not concentrated in a few hands is evidenced by the great purchases of radios, automobiles and of other equipment for the home and for the pleasure of the individual and again by the great increase in life insurance and savings accounts.

As a matter of fact the average wage earner today has more comforts and conveniences than were possessed by the man of wealth 50 years ago. This is due in part to the fact that the total of comforts and conveniences have so increased during the past half century and to the additional fact that our American system has enabled our wage earners to have high wages and steady employment so that they may purchase comforts which are regarded as luxuries. In Europe these comforts are beyond the reach of the working people. This very system of high wages and steady employment has so increased the demand for our goods, and consequently so increased production, that the cost of living has been lowered in many directions while wages were going up. Here is a condition which was regarded as impossible to attain by European economists and it has proved time and again that America is on the right track. Old Man Poverty may not be entirely eliminated during the next generation but he is in for a terrific lot of punishment.

Things are improving all along the line: Not many motor cars now start off on a cold morning like a thousand dollars worth of fireworks.—Detroit News

MENDELSSOHN CLUB ENJOYS PROGRAM HERE

A program of original numbers was enjoyed by members of the Club Mendelssohn yesterday at the home of Mrs. R. M. Fahrholz. At the conclusion of a brief business session the following program was presented under the direction of Mrs. Virginia Bryant.

A group of original readings was presented by Mrs. Ralph Bergen; Mrs. W. E. Cunningham rendered a group of piano solos, "The Prayer" and "The American Legion March" and a number taken from a combination of two or three selections; Mrs. Billie Brown gave a few readings she had written for the occasion; Mrs. J. O. Ford, accompanied by Charles Rochrock on the harp, played a group of songs which she had written, "The Heritage" with words by Abbie Farwell Brown, and "Tehuti" with words by Alva Meredith. The two numbers were sung by Miss Jessie Lambrecht. The two concluding numbers were harp solos, presented by Rochrock. They were "A Swiss Music Box" and "Aunie Laurie."

Late in the afternoon refreshments were served by the hostess.

STEGE CLUB WILL CHANGE MEETING PLACE

A decision to change its meeting place was reached by the Stege Improvement Club at a session last night in the East Shore park. From now on the group will hold its meetings at the home of Mrs. Margaret Gatesby, 231 Cypress avenue.

Members of the Richmond Boy Scout's will present a program at a session of the Richmond Rotary Club to be held today at the Hotel Carquinez. Edward M. Merritt will be chairman of the meeting and he will be assisted by W. B. Cox Chapman.

Nomination of new officers for the club will be held March 29. Charles Remick, president, will be in charge of the session.

George W. Hill, president of the American Tobacco Company, states that the great gains in the sale of Lucky Strike cigarettes, which were recorded all through 1927 and 1928, are continuing in the first months of 1929.

Earnings for the year on American Tobacco come on stock were \$111.9 per share as compared to \$10.29 in 1927. After the payment of dividend of 80 per share on the preferred stock and 88 per share on the common stock, 12 more than 30,000 stockholders, were carried to surplus \$6,229,279, bringing the surplus up to \$45,650,521.

The company's balance sheet shows a very strong position. In order to meet the enlarged demand for Lucky Strike cigarettes plant investment was increased by \$1,982,256 to \$11,443,116; and tobacco manufactured stock and supplies to \$91,357,292, an increase of \$5,561,962. Cash on hand was increased by \$2,273,636 to \$17,032,608.

HOOVER STARTS ENFORCEMENT PLANS

(Continued from Page 1) judicial reform, and Henry W. Taft, or New York, also a bar association official, have been asked to discuss the investigation with the president.

Hughes to Visit

Prof. Clark has been engaged for the past two years in conducting a similar inquiry for the Rockefeller Foundation.

Hughes announced visit increased speculation on the commission personnel in face of reports that the former Secretary of State was not in a position to lay aside his private law practice and participate in an investigation of the scope proposed by the president.

It was understood that Hughes would be willing to advise the commission or the president but was unable personally to devote much time to the inquiry.

Group of Nine

There is every indication the president will subject all proposed members to closest scrutiny as he desires neither radical wets nor radical drys. He has indicated he is anxious to have the commission composed of persons with a knowledge of law familiar with court procedure and with a capacity for intelligent investigation.

Present indications point to a commission of nine members or less. The president has intimated he is in no rush to select the personnel although it was said the commission would probably be made up within the next two or three weeks.

It was understood the Yale professors stressed the slowness of court procedure in their conference and left figures with the president showing nearly one-half of all important cases require approximately one year to pass through the courts.

Blind Fisherman Ends Own Life

MARTINEZ, March 14.—The body of Erasmo Contanza, 63, an aged fisherman, was found hanging from the cabin roof on a snow where he had lived for many years near Fishermen's wharf. Contanza has been blind for 15 years. He is believed to have committed suicide, according to authorities.

As far as it could be learned today, Contanza leaves no relatives.

MIDWEST HELD IN GRIP OF FLOODS

(Continued from Page 1) Governor Graves urged that help be sent to Elba as soon as possible, adding it appears everyone would be dead in six or eight hours. There is the greatest peril, he said, and heavy loss of life is feared.

A contingent of doctors and volunteers left Florence, Ala., at dusk enroute to Elba, but was halted by leaping rapids.

Rescue efforts have been hampered and been made all but impossible by the destruction of bridges and highways.

MIDDLEWEST HELD IN GRIP OF THAW

CHICAGO, March 14.—(UPI)—

Three days of spring sunshine on the accumulated snowdrifts on a record winter today had turned creeks into rivers and rivers into torrents in half a dozen mid-western states, flooding thousand acres of land, drowning livestock and impeding transportation.

It was believed tonight, however, that the floods had reached their peak in all but sections of central Iowa and Wisconsin.

"Unless we have more heavy rains and continued warm weather at the head of the river," said E. W. Brist, government meteorologist at Memphis, "the Mississippi will not swell to the disastrous height of 1927. It may reach a crest of 40 feet. In 1927 the crest was 46.3 feet."

Relief Seen

Freezing weather tonight in part of the flood area was expected to relieve the situation somewhat, although adding to the danger from ice jams.

East central Iowa saw no prospect of relief tonight as streams leaped their banks, drowning hundreds of cattle and sending scores of farm families to seek relief in towns. The Cedar River swelled 7½ feet in 48 hours. A further rise was predicted when ice jams break.

Several Rock Island trains traversing Iowa were cancelled because of weakened bridges and water covered tracks.

Iowa Mudbound

Southern Iowa, which a short time ago was snowbound, tonight was "mudbound." The thaw played havoc with dirt roads, hindering inter-city motor travel.

In the western part of the state ice jams were dynamited to save bridges. At Pella, the Des Moines river carried away 200 feet of bridge. Near Marshalltown dirt approaches to a railroad crossing recently completed at a cost of \$80,000, were washed out.

Wisconsin, where the thaw has begun in earnest, kept one eye on the weather report and the other on the water gauge. Parts of the residential district of Pod du Lac were under several feet of water. The forecast was for rain.

Ohio on Rampage

Indiana reported the flood scare abating. All streams except the Ohio were within bounds.

Galena, Ill., which saw three feet of water rush through the business section Wednesday, watched the waters slowly ebb today. It was believed all danger was past.

The Platte river was subsiding today after causing the most serious flood damage in 17 years along its course through Nebraska.

SOCIAL EVENTS

GRANT P. T. A. IN PREPARATIONS FOR ELECTION

Elizabeth Wilson, Bride-elect Paid Honor At Shower

A nominating committee for the coming election of officers was appointed by members of the Grant P.T.A. yesterday at a meeting at the school. Mrs. Nellie Lambrecht presided. The committee is composed of Mrs. C. A. Hall, Mrs. R. A. Radke, Mrs. E. J. Winters, Mrs. Charles McIntosh and Mrs. A. T. Grahame.

Reports from committees were received and plans were made for a social meeting of the group to take place on March 28 at the home of Mrs. Allen Morrow, 2824 Market street, San Pablo. The session will begin at 1:30 and will be in form of a Pet Show.

A surprise has also been arranged by the hostess. The committee for the afternoon is Mrs. Arthur Dice and Mrs. E. J. Murray.

Two quilts will be finished at an all-day session next Friday at the home of Mrs. Edwin Lee, 644 Twenty-eighth street. The meeting will begin at 10 o'clock and a covered dish luncheon will be served.

At yesterday's meeting the president, Mrs. Nellie Lambrecht, thanked her corps of officers for their tireless cooperation during her term of office.

The meeting was concluded with refreshments served by a committee.

San Pablo Group Laying Plans For Public Whist Party

A public whist party is being planned by San Pablo council, Companions of the Forest, for the night in the church parlor. The session will be arranged by Harry Lake, Maple hall, San Pablo.

Many attractive prizes have been arranged for in addition to a door prize of a large basket of groceries.

Those in charge of the event at 6:15 in the social hall of the church.

Pickards Hosts At Dinner Party

Mr. and Mrs. Clifford Pickard of 635 Nineteenth street, entertained at a dinner party recently in honor of the birthday of Mrs. Pickard's uncle, Walter Crabbe.

The guests of the evening were Mr. and Mrs. Walter Crabbe, and their sons Martin and Milton; Mrs. E. F. Metzger, daughter of the Crabbes and her young son, Max, and A. Shuler of Linden, Kansas.

Two new officers of the council will be installed at the next meeting and an initiation will be held.

High P. T. A. Names Nominating Group

At a recent business meeting of the high school P.T.A. a nominating committee was ap-

pointed in preparation for the spring election to take place April 2.

On the committee are Mrs. J. J. Thomas, Mr. J. P. A. Trausner, Mrs. H. Marland, Mrs. J. Findley and Mrs. H. Prexel.

High Band Gives Concert At School

The Richmond Union high school band under the direction of George Morris yesterday presented a program at the weekly noon concert in the Roosevelt junior high school auditorium. The band presented several numbers which were enjoyed by one of the largest crowds that has ever attended the concerts.

Francisco Medrano Rites Conducted

Funeral services for Francisco Medrano, three-month old son of Mr. and Mrs. Domingo Medrano of 151 First street, were held yesterday from the Wilson and Kratz chapel. Interment was in Sunnyside cemetery. The child is survived by a brother, sister and parents.

RICHMOND

"Industry's Western Goal!"

This is Richmond's slogan, "Industry's Western Goal." In a sense the whole west is industry's goal, for a change has come in manufacturing and distributing methods in recent years.

In the past it was a matter for grave discussion as to whether a western plant really was needed to serve the company's interests. That time has gone by. All large manufacturing concerns, determined to hold present western business and enlarge their selling field both at home and in the big new Oriental markets, now know that they must have a plant on the Pacific Coast.

And that's where Richmond comes in. With automobile, tire, soap, food and miscellaneous industries all casting their eyes at the Pacific coast, Richmond is on the job with good climate, large available sites, efficient labor and all the other requisites on the manufacturer's list. With the completion this summer of the new Parr-Richmond Terminal on the inner harbor, the shipping facilities will be adequate for all purposes.

Yes, Richmond Has Everything!
Let's All Sell Richmond!

RICHMOND CHAMBER OF COMMERCE

A startling development in home lighting—

7502

D. G. and E. customers have adopted it

No one can ever forget, after they've tried them, the smooth light from these new Duplex lighting units. It's the diffusion and correct control of light that makes the difference. Raw light is broken up. Mellow'd-Spread throughout the whole room. An opal glass reflector under the lamp shade does this. The pleasant light gives new life to furniture. Clear color to draperies. In this light, friends love to linger for all can clearly tell "spades" from "clubs". There are no glaring bright spots in the room. Or murky dark spots to cause squinting and eye-strain.

Lighting engineers designed these lamps. Artists beautified them.

The lamps are made in floor, table and ceiling units. There are many styles and a selection of silk and parchment shades. Phone or call at our office and see these modern Duplex lamps. Let us send to your home a lamp on approval.

A central ceiling unit for general illumination should be in every room. The cut shows section of modern unit. Light is directed to ceiling and reflected evenly throughout whole room—a startling improvement.

INTER CLASS BASEBALL STARTS

Hard To Replace

The inter class baseball championship matches in the Richmond elementary schools got under way yesterday with the Fairmont seventh grade boys and the Harding school boys playing a 2 to 2 tie. In a second game the Harding seventh grade girls defeated the Fairmont school seventh grade girls 16 to 11.

The Harding and Fairmont schools will play a three game series and the winners of the series will meet the Roosevelt and Longfellow junior high school seventh grade teams.

Monday afternoon the sixth grade boys of the Fairmont and Grant schools will play at Grant and on Wednesday the George and Washington sixth grade boys at the Washington school.

The games are in an elimination contest with the winners of each match meeting with the winners of other matches. The team that is able to go through the season without losing a game will be present with a banner for the championship.

Richmond High, Roosevelt, Net Contests Today

The Richmond Union high school and Roosevelt junior high school tennis teams will meet at the City Hall courts today in the annual matches.

The main event of the day will be a singles match between Marvin Avila of the high school and James Harley of the junior high.

Last year Avila was a member of the Roosevelt team and helped "clean-up" on the Richmond high school squad.

Baseball Team Of Bears Leaves For South Series

BERKELEY, March 14.—Carl Zamloch, baseball coach at the University of California will take a squad of 16 or 17 players to southern California to play a series of four games with U. C., L. A. and Southern California March 15 to 19. Four, and possibly five pitchers will be included in the squad, as the team has to work four games in five days. The contests are co-operative games and the result will have much to do with the ultimate outcome of the league.

Fifteen men who are certain to make the trip are Capt. Robert Stevenson, first base; Malcolm Devore, second base; John Valance, short stop; Harry Butler, third base; Walter Wyatt and Zur Williamson, catchers; Marshall Rieck, Claude Wilson, William Burgett, James Sharp and Harold Firman, outfielders; Norman Horner, Earl Jacobson, Charles Schmidt and Felix Caldera, pitchers.

The team left last night to arrive in Los Angeles tomorrow morning. The first game, against Southern California is scheduled for this afternoon.
